

A View from the Principal's Office

December 22, 2020

I want to reach out to you as we head into our holiday break and share the things that I am hopeful for as we look forward to 2021. My greatest hope is that each of you will be safe and well during this holiday season and beyond. I know that wellness can be elusive during trying times and the coming weeks promise to continue to be challenging. I hope that all of you have support and a community that cares about you. I am so thankful for our school and feel blessed to be part of our broader Hartford community.

I am hopeful that our staff is able to maintain our wellness.

I am hopeful that our students will continue to approach their lives with such a selfless attitude; as I have written before; they have been amazing in their willingness to do what we have asked.

I am hopeful that we will be able to continue to welcome our students into our school each day.

I am hopeful that we will learn from the many lessons that COVID has taught us as a school and that learning at Hartford High School will grow from these lessons.

I am hopeful that our diligence in following Vermont's guidelines will lead to greater opportunities for all during the winter and spring.

I am hopeful that our school community will continue to embrace its role in support of those who need our partnership. We look forward to a day when everyone shares in the bounty of our world with the understanding that serving with grace and dignity lifts all of us up.

I wish you and your family a happy and healthy season and hope that you join me in looking forward to a new year.

Thanks for reading and happy holidays,

Nelson Fogg, Principal
Hartford High School
